About Me

Passionate about teaching and innovation, I bring creativity and technology together to create meaningful learning experiences.

I aim to inspire, grow, and make a lasting impact in education by leveraging AI to transform how we learn and solve challenges.

Experience

PRT Teacher | Apr 24 - Present

Podar International School

- Teaching Computers (Grades 1-4), Mathematics (Grade 3), and Artificial Intelligence (Grades 6-7) while fostering a love for learning.
- Leveraging classroom technology (e.g., projectors, AI tools like GPT) to deliver dynamic lessons, improving engagement across all grades.
- Designed gamified assessments to make learning more engaging, resulting in improved academic outcomes.

ICT Teacher | Jun 23 - Dec 23

Niyaz National School

- Taught Computers (Grades 1-10), covering topics such as basic computer literacy, coding fundamentals, and practical IT skills.
- Upgraded the school's digital infrastructure by successfully facilitating the installation of 20 new computers
